***SIF Restrictions/Eligibility***

- I had a student contact me inquiring about if SIF is available for the spring and/or summer term.
- I know our funding is allocated based on fall and winter terms, but since we haven't come close to spending what's allocated I wanted to ask opinions on whether we should allow applications in the spring and/or summer (students are currently limited to one application per fall and per winter, so if they miss the fall deadline or have multiple experiences in the winter they can only apply once)
- possible solution: allow students to submit multiple SIF applications so long as the total doesn't exceed the \$275 funding limit? Allow one application for the spring and summer combined? Allow 2 applications up to \$275 each throughout the 12 month period of the VP Academic position (so any 2 terms of the students choice, not just fall or winter)?
  - SIF application form to be amended to reflect the change

- decision: 1 application per term (for a total of 3 applications of up to \$275 in the year) - this includes the spring and summer
- SIF budget will stay the same, just spread across
